(b) In G.O.Ms.No.135, F.D. dated 15-3-1948, it was ordered that khadi hshould be used in all Government departments in preference to other kinds of cloth. With reference to these orders, indents have been received for the supply of khadi from about 125 Government and other Departments such as Municipalities and district boards. These indents are communicated to the Intensive Khadi centres where the cloth of the variety indented for is available. It has been found that these indents do not specify in sufficient detail the variety of cloth required of its colour, width, texture etc., and the centre Khadi Officers receiving the indents, have found it necessary to ascertain these details on further correspondence with the indentors concerned. Further, these indents have been mostly in the form of 'inquiries' and required confirmation from the indentors before supply could be taken up.. A statement showing the quantities for which indents or inquiries have so far been received and the quantities actually supplied, based on the information available in this Department, is at (B). This Deptt. is watching progress in respect of the supplies of khadi by the centres to the indenting departments by means of a fortnightly periodical report from the centres.

6. Subsidy Out of the total quantity of 43,957 yards of cloth got woven by the self-spinners during the quarter, 19,056 yards were made in Erragondapalem and 10,120 yards in Vellakoil. A sum of Rs.5,696/- was paid to self-spinners as subsidy during the quarter as against Rs.3.320/- paid during the preceding quarter.

7. Training courses: The second session of the Khadi Pravesika course, which commenced on 26-11-1947, is being continued at Tiruppur. It includes 21 candidates who are undergoing training at the cost of the Government. Another course called Duppata Weaving Course for six months has been started by the A.I.S.A. at Tiruppur from 26-4-1948 with 18 students and the Government have agreed to pay a contribution not exceeding Rs.9,100/- towards the cost of training 14 of the trainees. The Khadi Pravesika course started in the previous quarter in Palapuram (Palghat) is being continued and it has 10 candidates from Malabar and South Kanara Districts who are being given training at the cost of Government. Proposals received from the Honorary Regional Khadi Officer, Masulipatam for training eight candidates in a short course of six months called Kathayee Karya Kartha course and for admitting five more students in the Bunayi Karya Kartha course already started at Masuliaptam, are under consideration of the Government.

Spinning classes were conducted at Pattinatinkoil, Kumacheri and Vellore in the Payyannur area during the quarter.

(Classes started at Vatakampad and Patoli during the quarter were over by 15-7-1948 and 30-6-1948 respectigely).

8. Village Khadi Committees: Five village khadi committees were constituted in the Avanashi centre during the period unde review.

9. CHARKAS AND IMPLEMENTS:- The value of the charkas and implements distributed furing the quarter amounts to Rs.3,298/- as against Rs.3,576/- in the previous quarter.

10. The total receipts for the quarter ending 30-6-1948 comes to Rs.1,62,644/- while the total expenditure amounts to Rs.3,29,230/- of which a sum of Rs.2,59,499/- was spent on investments like purchase of implements, cotton, yarn etc.

11. In their Press Note dated 3-7-1948, the Govt. have ordered that the private khadi producers and dealers doing business outside the intensive khadi centres and their belt areas also should leave the khadi field for good, that no licences should be issued to them in future and that the licences issued in 1947 by the Provincial Textile Commissioner should not be renewed as it was represented to the Government thqt the private producers, dealers and hawkers of khadi were exploiting the national sentiment in favour of khadi and did not care for the genuineness of the stuff produced. The Government, however, allowed these producers, dealers, etc. now holding stocks of khadi a reasonable time, viz., upto 31-12-1948, to dispose of their stocks.

12. The administration of the intensive khadi scheme was transferred to the Provincial Firka Development Officer from the Provincial Textile Commissioner in June '48

The file may be circulated to H.M.(F.D) for perusal. (This ~~fix~~ will be placed before the Provincial Firka Development Board when it next meets, in accordance with the instructions laid down in paragraph 10 of G.O.Ms. No.4678, Development, dated 23-12-1946).
